

2 Million Tree by 2020 onboarding process

Here are different ways to onboard: You only have to choose one way if you have a limited time available !!!

A-Open a Steemit account to enter into the cryptoworld.

- Go to [Steemit](#)
- Open an account, it is free.
- This could take few days.
- Introduce yourself in an introduction post.
- Link your post to one of the <http://steemit.com/@chrisaiki> post so we know you are a new member of the community.
- and earn your first Steem with the publication of your posts.
- You can directly use the <http://steemit.com/@treeplanter> bot on Steemit
- Follow our progress on this wiki
- Suggest improvements to the enboarding process !!!

B- Download an EverGreenCoin wallet

Buy some Bitcoin with Bitpanda or Blocktrades or Changelly with your credit cards Exchange these currency in Evergreencoin on Bittrex

C - Download a Byteball wallet

Get some Bytes by participating to an airdrop.

D- Participate to an airdrop from another crypto

Many new projects are offering some cryptos to participants of their new project. This is called an airdrop. <https://steemit.com/money/@icosandwhich/want-free-crypto-don-t-waste-time-with-faucets>

E - A mix of one of the three first proposals

Suggest a better onboarding process.
